EXPERIENCE

Junior Developer Intern <i>Manasvi Tech Solutions</i>	Jan 2026 – Feb 2026 <i>Nashik, Maharashtra</i>
- Conducted research and analysis for the Adani EV Charging Station Project, prepared and delivered presentations, and contributed to project discussions. - Gained hands-on experience in HTML, CSS, Bootstrap, and Collection Framework concepts. - Enhanced communication, analytical, and teamwork skills while demonstrating professionalism, punctuality, and a strong willingness to learn new technologies.	
Android Development Intern <i>Innovations Hub</i>	2024 <i>Nashik, Maharashtra</i>
- Completed an internship focused on Android application development. - Worked with Android Studio, Java, and XML layouts to design user interfaces. - Developed basic Android apps implementing activities, intents, layouts, and event handling. - Gained practical experience in app debugging, testing, and UI design.	

PROJECTS

Wedding Planner App <i>Android Studio, Java, XML</i>
Designed a basic Wedding Planner Android App to manage wedding tasks like guest list, budget, and event schedules with a user-friendly interface.
E-Learning Platform for Dyslexic Students <i>React.js</i>
- Developed a simple e-learning application to support dyslexic students with easy-to-read content, audio assistance, and interactive learning modules. - Focused on improving learning accessibility using a user-friendly interface and basic multimedia features.
Pet Adoption System Website <i>HTML, CSS, JavaScript</i>
- Developed a web-based pet adoption platform allowing users to browse available pets, submit adoption requests, and connect with shelters. - Designed a user-friendly interface with search and filter features to help users find pets based on type, breed, and location.

PROFESSIONAL SUMMARY

A sincere and motivated student seeking opportunities to enhance technical skills, gain practical experience, and contribute positively to an organization while continuing to learn and grow professionally.
